

# INTERNATIONAL **POWDER** **BULK SOLIDS** CONFERENCE & EXHIBITION

## International Powder & Bulk Solids Conference (PBS) 2016 Call for Papers

The biennial International Powder & Bulk Solids Conference (PBS) will take place alongside our exhibition on May 3-5, 2016 at the Donald E. Stephens Convention Center in Rosemont, IL. We are pleased to announce the Call for Papers to encourage sharing and collaboration on the core tools and solutions in transport and delivery systems specifically for powder and bulk solids goods. Thought leaders from around the world can submit original papers that have never been presented to earn a speaking opportunity at this premier industry forum.

### Who should submit papers to PBS 2016:

- Experienced and well-known suppliers, academics, researchers, regulatory professionals, consultants, and manufacturers
- Innovators and implementers of bulk solids materials, equipment, and technologies
- Innovative companies supporting the powder and bulk solids industry

### Powder & Bulk Solids 2016 will accept submissions in the following categories:

The abstract submission should translate into a practical case study, technical training, or interactive workshop. Each session will be allotted 1.5 hrs, so please budget your content accordingly; if you have enough content to fill two sessions, please indicate the break in your content with a "Part A" and "Part B". Please limit your abstract to 100 words, and distinguish 3 clear learning objectives in your abstract – this is very important for the review of your paper.

### Submission Due Date:

**The deadline for abstract submission is 5:00PM PST November 20, 2015.** The PBS 2016 Advisory Committee will select winning papers and those selected individuals will be personally notified.

### Contact Us:

For more information on the conference program agenda and call for papers, please contact Kayleigh Milas at 310-445-3745 or on [Kayleigh.Milas@ubm.com](mailto:Kayleigh.Milas@ubm.com).
